About us

We have pleasure to introduce myself as the owner of the company name Nubic India Pvt. Ltd. located at prime location in the country i.e. Delhi, in India.

The company was established in the year 1991-1992 and have specialized the know ow and competency in the manufacturing of range of items used in industrial & domestic sectors. Our product range includes Switch gears, Wires & Cables, Electrical accessories & Home appliances. Further the company extended its range of manufacturing Fans, Lighting fittings and electrical measuring instruments such as Ammeter, Voltmeter, Energy meter. This apart, encouraged by the good market response to these products, the company embarked on a further enlarging the scope to include manufacturing of water booster Pumps, Miniature Circuit Breakers (MCB). Today Nubic India Pvt. Ltd. has established itself as one of the prime manufacturers and suppliers of electrical items, both in capturing the export markets of the Gulf, African & Asian countries.

Our Manufacturing premises is well-modernised plant with various special purpose machines installed for manufacturing of the various products. It is a matter of delight for me to mention that nearly around 100000 Nos. of Components are being turned out from manufacturing units for their ultimate use in the end products.

In this highly competitive market, we are able to sustain and progressively register increased sales volume year after year, merely because of total commitment to total quality management at every stage of manufacturing till the goods are delivered to our esteemed buyers. Quality audits and stringent checks are built into our quality control systems so as to maintain highest levels of quality of our products.

Looking forward to your esteemed organization & assuring you the best services at all time from our side.
